

White Friars Housing Group Ltd Vincent Wyles & William Malcolm Building Survey

Client Brief

To provide an inspection team to carry out a detailed inspection of the façade of Vincent Wyles House and William Malcolm House residential tower blocks.

Our Solution

Arco Professional Safety Services Ltd provided an IRATA qualified examination team to carry out a detailed (tactile) examination of Vincent Wyles House and William Malcolm House residential tower blocks on a 6 monthly basis over a two year period.

Our team Removed/stabilised any loose materials identified during the survey and provided a detailed report of the findings.

Benefit of our Solution

Our inspection team could get within touching distance of the Façade to thoroughly inspect it and remove any loose material making it safe for the public below
